FINE CABINETRY®

Home

Crafted for your life at **HOME**

## Inspired by **YOUR UNIQUE LIFESTYLE**

**Home. A place of comfort and connection, work and rest, bustling entertaining and quiet solitude.**

No two homes are the same because no two families are. With Sollera Fine Cabinetry, your ability to customize every aspect of your cabinetry for your entire home is a smooth and seamless process. With a wide range of attractive door styles and finishes, flexible cabinet configurations, innovative space-maximizing accessories, and decorative touches, your home will both look

and function exactly the way you want it to now and for years to come. We're as passionate about your experience as we are about offering the highest quality and best value. Because for over 50 years, faithfully serving people is not just woven into the fabric of Sollera. It is the fabric.

Door Style: Florence, D edge • Species: Painted Maple • Finish: Stonington Gray • Liv Well Collective, Abbotsford, BC

# MODERN Vintage

**With today's fast-paced world, are you craving a taste of nostalgic comfort or coziness that an old-world look can bring, but know you can't live with the opulent detail of traditional design?** More casual 21st century lifestyles mean that many favor streamlined spaces which are easier to care for and are more visually restful. However, the power of the warm hug a heritage home gives you is undeniable. Elements to channel traditional design, while retaining the simplicity your lifestyle requires, are illustrated in this space. The door style – a modified Shaker with a subtle inside edge bead detail – along with crown and trim moldings provides just a touch of visual interest without being fussy. Crowning the traditionally-styled La Canache range cooker is a modern take on a decorative hood fan. The palette is classic – historic colors and natural wood. Overall, the design is kept simple and clean, and the cabinetry provides a beautiful canvas for time-honored elements, like the charming Deco pendants, vintage industrial bar stools, and brass and wood bistro shelving. Pair a mid-century modern Tulip table with a velvet and vegan leather banquette, using Sollera bench cabinetry as a foundation, and you have modern vintage kitchen design at its finest.

**Door style:** Acadia, D edge

**Species:** Painted Maple/Clear Alder

**Finishes:** Custom Color - Benjamin Moore, Piedmont Grey, CC-690/Cinnamon

**Designer:** Cucina Bella, Edmonton, AB

# Versatile

## CABINETRY SO VERSATILE, SO BEAUTIFUL, YOU'LL NEVER WANT TO GO OUT

**Dreaming of your own built in cafe-style banquette, home espresso bar, or well-organized, rustic larder from which you can create dishes rivaling the best restaurants? With Sollera Fine Cabinetry, the possibilities are virtually limitless.** With an extensive selection of door styles and finishes, fully configurable cabinet models, custom capabilities, cutting edge door and drawer opening systems, and leading-edge accessories, you can tailor your home to your lifestyle and taste. View a handful of our space-enhancing accessories at the back of this brochure to spark your imagination.

# Farmhouse Meets LUXURY LIVING

Door Style: Plymouth, H edge • Species: Clear Alder • Finish: Cottage Grey • DreamSpace Design, Santa Rosa, CA

## A NEW TAKE ON OLD WORLD

**Traditional kitchen style is often characterized by its comfortable and inviting atmosphere.** It typically embraces natural materials and classic paint finishes, greater use of moldings and architectural components, and decorative accessories with more detail to create an approachable and timeless space. This kitchen is a fresh take on traditional design, with tone-on-tone paint finishes in crisp white and pale gray paired with lighter woods to inject vitality. Though the overall aesthetic is traditional, embellishment is kept in check, here. The decorative hood's clean arch and simple profiling blends seamlessly with the adjacent cabinetry. Rather than opting for a complicated door style, a small bevel edge detail is added to Sollera's modified Shaker Mission door style, with its large, inside sloped edge. Crown molding and trim provide decoration without overwhelming. Marble tile work really takes center stage, with a decorative vignette calling attention to the cooking zone, while base cabinets with multiple drawer configurations range in height, customized for their use but also contributing visual interest to a space designed for creating lasting memories.

## FURNITURE FINISHES FOR ENDURING BEAUTY

*Timeless*

**Like you, our standards are high for beauty and longevity when it comes to cabinetry, and for this reason, Sollera insists on using only the finest wiping stains, paints, top coat, and glazes.** Behind the elegant, artisan quality of your cabinets is some pretty complex science and research in finishing to ensure they look and perform as well years from now as they do the first day. Our over half a century in crafting cabinets has allowed us to perfect our techniques, continuing to trust only the delicate touch of hand-finishing to enhance the inherent beauty of natural wood, achieve the smoothest of painted finishes, and attain the most authentic antiquing and distressing. We believe combining the best in new technological advancements with time-honored, proven techniques results in a superior product for you and your home.

# COLOR IT YOUR WAY

**Adding a pop of color to your cabinet design instantly injects energy and individuality, setting it apart from the norm.** It's a perfect way to express your taste and make a bold statement in your home. While Sollera offers an extensive selection of stylish standard finishes, we understand that designing your dream space is personal, and therefore offer custom color-matching to the hue of your choice. Every Sollera cabinet is made to order, which means we make it just for you according to your specifications, including your desired finish. What better way to create a space unique to you?

*Speak Volumes*  
**WITH COLOR**

# MODERN Farmhouse

**Modern farmhouse, also known as urban country or rustic modern, blends the charm and comfort of country-style with the clean lines and practicality of contemporary design.** Whites, neutrals, earthy tones, or muted colors are a must, along with rustic woods and natural materials to bring the outdoors in and create warmth. Modern metals help keep designs clean and unfussy. All in all, simplified, airy spaces are created by reducing clutter and restraining decorative detail, but featuring open shelving and glass door cabinets. Sollera cabinetry in Iceberg White, punctuated with black hardware, is the foundation for carrying the farmhouse theme throughout this home, gracing all spaces that require attractive storage solutions. Rift Cut White Oak, stained in Sollera Driftwood, was selected for the kitchen island and hood, and is echoed in all exposed shelving, wood tops and mantel of the nearby family room and desk area. Door styles, molding, and millwork is simple and harmonious, with square profiling and shiplap detailing, harking back to homesteads of yesteryear.

**Door style:** Bradford and Belfast, D edge

## COTTAGE STYLE CHARM

Charm

**Cozy, cottage-inspired interiors transport you to a bygone era while having a modern freshness and functionality.** For the homeowners in this project, blending brightness and charm with comfort and organization were priorities. The result needed to be a place where simple, everyday life feels elevated and enjoyable.

Despite its modest size, the space is expertly designed to ensure an abundance of storage between the kitchen and pantry. Behind the beauty, each cabinet serves a distinct purpose from organizing utensils and chef's knives to housing pullout trash bins, spices, cookbooks, and beverages. The white color palette reflects the natural light from nearby windows, while glass cabinet doors not only widen the appearance of the kitchen but repeat the traditional cross-mullion pattern of the windows. The seamless fusion of style and utility results in a welcoming, cottage-like space that is equally delightful for daily tasks as it is for entertaining and relaxation.

Door Style: Mission, D edge • Species: Painted Maple • Finishes: Cloud White • Blue Mountain Kitchens, Maple Ridge, BC

# Solution

## ATTRACTIVE, SMART STORAGE SOLUTIONS FOR EVERY ROOM

**Who couldn't use more storage in their home?** Kitchen, mudroom, living and dining rooms, bathroom, bar, office, and beyond - every nook and cranny is full of possibilities. And wouldn't it be wonderful if it looked as good as it functioned and fully integrated into the design of your home, overall? With Sollera Cabinetry's seemingly infinite number of combinations of cabinet models, door styles, finishes, species, decorative enhancements, and interior fittings, no storage requirement, size specification, nor stylistic preference is too challenging. Your cabinetry is fully customizable for every room in your home to meet your needs, your tastes, your dreams. We diligently craft each order, one-by-one, just for you to your specifications, so your cabinets look and function exactly the way you envisioned and can be installed seamlessly. It's just one way we keep our founder's vision of serving others and enriching lives alive and well.

Door Style: Mission, D edge • Species: Painted Maple • Finish: Iceberg/Amherst Gray • Woodcliff Builders, Campbell, CA

# Warm & INVITING

# INDULGE YOURSELF

**Start and end each day in a spa-like sanctuary by making luxurious calm central to your bathroom design.**

Rid visual noise by tucking away the toothbrushes, cosmetics, and toiletries in a premium Sollera vanity where every item has its place, even the flat iron and hair dryer. The day's work clothes can easily be tossed in tilt-out laundry bins for washing another day. Store fluffy Egyptian cotton towels in linen towers. Display candles and your collection of bath salts on open shelving. Create a spectacular glass door apothecary cabinet. Select tranquil design elements to create a space where even Monday mornings are enjoyable and the stage is set for daily decompression.

Door Style: Hereford, G edge • Species: Rift Cut White Oak • Finishes: Driftwood • Woodcliff Builders, Campbell, CA

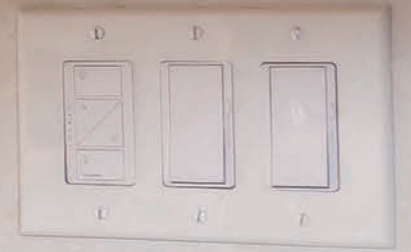

Door Style: Vienna, G edge • Species: Rift Cut White Oak • Finish: Pecan • Bow Valley Kitchens, Calgary, AB

# Organization & ORDER

## EVERYTHING IN ITS PLACE

Order

**Sollera's innovative wood and metal accessories play a vital role** in helping you add convenience and achieve perfect organization in your cabinetry, while our cutting-edge door opening solutions heighten access and improve clearances. They are just another way to customize your kitchen, bathroom, office, laundry, or any room you have cabinets, for your individual needs. Further, for those with mobility challenges, they can help make those hard-to-reach or completely unreachable places accessible once again. With their practical and thoughtful designs, intelligent engineering, and impressive dynamic function, they maximize every inch of usable cabinet space and are simply a joy to use.
